Arcane Legends Spacetime Studios

Arcane Legends Spacetime Studios

While I cant claim to have participated in end game content quite yet, as this is more of a first impression than a full review, not once did I feel the pressure or need to use the cash shop.. Many other common free-to-play perk systems are also represented in Arcane Legends, such as a daily login bonus.

Im interested in seeing how Arcane Legends runs on a tablet and Im eager to give it a try when it eventually makes its way to iOS.. Theres just a bit too much going on to play completely comfortably in the confines of a smartphone, but after swapping back and forth a few times phone play was easier to handle.

Arcane Legends eschews use of the energystamina system found in many free-to-play titles, so theres no cap on gameplay.. Arcane Legends features three classes, a robust pet system, and synchronous co-op play in a hack and slash environment that feels distinctly Diablo -esque.
